

Computer Classes

for Artists & People Who Think They Can't
New series of computer classes offered for 2015!

Have trouble entering Art Shows?

Need to learn Entry Thingy?

These classes are for you!

Painterlyme518@gmail.com

2015 Show season will be upon us right after the holidays! Are you ready? Do you know where in your computer the photos are of your artwork? Do you know how to edit them, organize them, find them and submit them? If you need help, NOW is the time to sign up for these classes.

Computer Basics, Beginner Photoshop, Intro to Word and Excel, Continuing Word and Excel, Private Lessons and Edit Your Photos Open Studio. Class sizes are small so you get all the attention you need. Minimum class size is 2, Max is 5.

Classes begin the first full week of April and run 4 weeks. Snow day; will reschedule. Classes are held in the comfort of my home so it's less intimidating. And you get to enjoy the company of 2 cuddly dogs.

See my website for class descriptions: www.IleneRubin.com.
